How to create your ledityaki.com password

Step 1: Access the account creation email

After your account was automatically created, you received an email containing a link to generate your password. Look for this email in your inbox (check your spam folder). It comes from @ledityaki.com and the subject is 'Create your LEDIT YAKI account'.

Step 2: Click on the password generation link

In the email, click on the link entitled 'Generate my password'. This will redirect you to our online shop to set your password.

Note: If the link doesn't work when you click on it, copy it and paste it into your browser's address bar.

Step 3: Create a new password

On the password creation page :

1. Enter the password you want to use.

Note: The password must contain at least 8 characters, including upper case letters, lower case letters and numbers for added security. Never send your password by email!

2. Confirm your password.
3. Click on 'Confirm' to save your new password.

Step 4: Log in to your account

Once you have created your password, you can log in to your customer area using your email address and the password you have just defined.

Support

If this procedure does not work, please contact our teams at info@ledityaki.com who will treat your request as quickly as possible.
